

Hospital Main Entry

The Main Entry to Wagga Wagga Base Hospital will be temporarily relocated next week as part of the Stage 3 project.

The temporary Main Entry will be located approx. 20 metres to the east and will remain in place until the end of the year.

This work will be undertaken in a staged process to minimise disruptions to staff, visitors and patients.

1. **Now** – contractors preparing the temporary Main Entry area
2. From **7am Monday 4 May** – new temporary Main Entry (see below) will open. No change to nearby drop-off bays.

3. From **7am Monday 11 May to Saturday 16 May** – the construction of car park ramps, installation of in ground services, landscaping and other external works will take place. This will expand the works site (see below) requiring the relocation of some parking areas.

REMINDER:

While steps are in place to ensure the safety of staff and the public, we ask that you take care while accessing the Hospital's main entry area.
