Keeping you informed

Support Services Building corridor

The entire length of the corridor on the ground floor of the Support Services Building will be closed **from 8.30pm to 10.30pm tomorrow, Thursday 26 November 2020**. The transfer of patients from the Ambulance Bay to the Acute Services Building will be allowed during this period. The closure will allow testing of fire sprinkler system as part of the Stage 3 construction works. Staff accessing the building during this time will be **unable** to use the Docker Street access near the Transit Unit, or the doors adjacent to Banksia Clinic, Medical Records or Asset Management. Thank you for your cooperation.
