

Wednesday 26 August 2020

Drilling on the health campus

Exclusion zones will be established around several parking spaces on the health campus from **6am Friday 28 August to 6pm Friday 4 September 2020**.

Drilling will take place inside the zones for geotechnical and contamination testing. Each zone will be established around up to seven car parking spaces.

This work, involving a drilling rig and excavator, will be undertaken in a staged process across three sites on the campus to minimise disruptions.

Due to the construction activity occurring on the campus, please take care when walking, cycling or driving in the area.

Thank you for your cooperation.
