

**Monday 17 August 2020**

*Keeping you informed*

## **Temporary car park closure**

There'll be temporary changes to car parking on the campus from early September due to the WWHS Redevelopment Stage 3 project.

The 1-hour main entry carpark will close from **7am, Monday 7 September 2020 for approximately 6 months.**

As a result, the current staff car parking area on the campus' north end off Edward Street will be changed to 2-hour general use parking.

An evening shuttle bus service will be introduced to take staff on the afternoon shift to their vehicles in streets surrounding the campus.

We understand that this temporary car park closure will impact staff. The temporary closure is required to extend the Stage 3 construction site to undertake car parking, footpath, paving and landscaping works. As a part of these works, a small number of trucks will use Yabtree Street, Doris Roy Lane and Lewis Drive.

### **Please also note:**

- Drop-off zones to remain in front of the Emergency Department.
- Additional accessible car parking and after-hours JMO parking will be available in front of the Mental Health Unit.
- Pedestrian access to the Hospital's temporary main entry will still be via the footpath on Lewis Drive.

***Please take care as you make your way around the campus.***

***Thank you and we apologise for any inconvenience.***
